      i. Chance Farmer, Student Allocations Director (Raupe Travel Grant)
         1. I would like to join the SGA Executive board in order to make a difference on campus, as well as getting experience in the administration part of society. As someone hopeful to work in politics for my career I believe SGA to be a good start as I go towards this career. More importantly I believe that having the opportunity to impact students on a more personal level, while having the opportunity to represent UNT in the process. My plans as the Student Funds Allocator over Raupe is to make sure that our funds are used completely along with promoting the Travel Grant more than anyone before me. I believe as a general population students are unaware of the Raupes Travel Grant, however many students and our university would benefit from these students knowing about the grant. I truly believe many more students would take the opportunity to apply for the Grant if they simply knew about the program, which is why moving forward more efforts will be put into advertising.
2. What he plans to do for advertising? Will he be going to speak with organizations? How does he plan to work with different research teams?

ii. MaiYa Giles, Communications Director

1. Hello Everyone! My name is MaiYa Giles, and I’d first like to apologize for not being able to be in attendance tonight. I want the position as the Communications Director for the Student Government Association because my two of my passions are helping people and using platforms to help people voice their opinions, and with this position that will allow me to do both. Communicating through the use of social media is something that I have learned to be very good at and have found a niche in. As far as my plans for SGA, I’d like to use my position to assist in the transportation of communication from administration to students. I’d like SGA to become more personable and work closely with the needs of students from all races and ethnic backgrounds. If you have any questions, feel free to email me. I look forward to meeting each of you and am excited for what the future will hold for SGA.

2. What is her involvement?

   iii. MaiYa is approved, Chance will be discussed at the next meeting
