Freshman Orientation

Congratulations on your acceptance to the University of North Texas for Fall 2018! To better serve you, all new UNT students are required to attend orientation before they are permitted to register or attend classes. If you have not yet attended an orientation program at UNT, please read the following information.

Freshman Orientation - Session 12

Freshman Session 12 is the last formal freshman orientation session prior to the Fall 2018 semester. Session 12 is a two-day, conference-style orientation program scheduled for Thursday, August 16 - Friday, August 17. Orientation programming is not optional; all sessions are mandatory! Students not completing all sessions of orientation will not be permitted to register for classes. Housing is not provided for session12 and late orientation.

Late Orientation - August 23, 2018

Late Orientation is the last formal orientation session prior to the Fall 2018 semester.

Parking

Individuals attending freshman orientation should park in Eagle Lots 39, 54 or 55. Please avoid Faculty/Staff spaces, reserved, metered, and garage parking (including Service Vehicle spaces, VIP spaces, A spaces and the F/S space).

Housing During Orientation

Housing is not provided for session12 and late orientation. Students living on-campus will move in to their fall residence hall on the first day of orientation. Students attending session 12 can arrive as early as 8am on Thursday, August 16 to begin moving in to your residence hall. Students who will be commuting to and from campus in the fall will be expected to commute (or make other arrangements) during orientation.

Parent Orientation

Parents & Guardians

Parents are an important part of the UNT family; their support and interest are critical to a student’s successful adjustment to university life. For these reasons, UNT offers a Parent Orientation program that runs concurrently with new student orientation.

Parent Orientation is designed to give you an understanding of the institution where your student will be spending the next four years. Participants will be introduced to many UNT offices, services, and academic programs and will have the opportunity to visit with current UNT parents.

Parents can register for Parent Orientation in one of two ways:

1. Online at transition.unt.edu
2. Fill out the form printed on this brochure and return it to the office of Orientation and Transition Programs. If you need help with registration, you can call 940.565.4198.

Testing

Math

The Department of Mathematics will not place students into courses at or above the level of Calculus I (Math 1710) without prerequisite credit. Some examples of prerequisite credit include: scores of 3 or better on the Calculus AB or BC Advanced Placement Exam, a score of 5 or better on the higher-level IB mathematics exam, and credit in mathematics courses with Texas Common Course Numbers: Math 2312 or 2412. If you would like to take Calculus I as your initial course and do not have prior prerequisite credit, you will be required to take the placement assessment. If your major requires Calculus I, then you are strongly encouraged to take the placement assessment.

1. You are expected to take the online Pearson MyMathTest (MPT) prior to coming to your orientation session. Doing this is important for students majoring in Math, Engineering, Science, Economics (BS) and who need to start with Calculus I (Math 1710) or a Business major who needs Business Calculus (Math 1190).

2. You will find how to access the test and other important information about the placement assessment on the Math Department’s website. Go to: www.math.unt.edu, under ‘Courses and Schedules’ select ‘Math Placement’.

Foreign Language

Students taking the Foreign Language Placement Exam may earn up to 12 hours of foreign language credit. The exam may be taken only once per language. Many degrees at UNT require some level of proficiency in a foreign language. Review your degree requirements at catalog.unt.edu to see if a foreign language is required. The placement test is free to take, but if you would like the credits earned from the test applied to your transcript there is a $53 fee that will be applied to your student account. Exams for placement and/or credit are offered in Arabic, Chinese, French, German, Italian, Japanese, Latin, Russian, and Spanish. The foreign language placement/credit exam will be available each orientation session. For more information, contact the Department of World Languages and Literatures at 940.565.2404.

Additional Information

Vaccination Statement

All new students, including transfer students, under the age of 22 must show evidence of receipt of an initial bacterial meningitis vaccination (meningococcal meningitis vaccine) dose or booster in the last five years and at least ten days prior to the first day of the semester in which the student initially enrolls. For more information, visit the UNT Health and Wellness Center website at healthcenter.unt.edu/vaccination-requirements.

Texas Success Initiative (TSI)

The Texas Success Initiative is a state-legislated program designed to ensure that students enrolled in public colleges and universities possess the academic skills needed to perform effectively in college-level coursework. All students MUST provide documentation for exemption or take the TSI Assessment prior to enrolling in college-level courses at the University of North Texas. Students can check their own TSI status by logging onto the MyUNT system at my.unt.edu and going to their Student Center page. In the bottom right corner of the Student Center is a TSI link. Click the TSI link to view your TSI status. If you have questions, contact the Learning Center at 940-369-7006 or academic.readiness@unt.edu.

Music Meeting

All students who are not music majors but are interested in being involved with the College of Music during their time at UNT should plan to attend the music session during orientation to find out more about music minors, music classes for non music majors, auditioning for any of the performance groups, and the possibility of taking private lessons for the fall semester. We will also have information on applying and auditioning to become a music major available at this meeting. Students who have successfully auditioned for the College of Music should not attend this session. Anyone considering auditioning for a band, choir, or orchestra should attend this session.
