Campus Security and Crime Awareness

The safety and security of all members of the university community are of paramount concern to the University of North Texas.

Through the teamwork of the university and campus community, UNT consistently strives to be among the safest large college campuses in Texas. We work to achieve this by developing a partnership with students, administrators, faculty, and staff. With a university population of more than 40,000, the UNT campus is reflective of the communities it serves and not immune to societal problems.

Preventing or reducing crime in any community is a tough job. Success in crime prevention and safety at UNT depends in large part on the education and participation of the campus community. The campus community is provided information about safety programs and services, but are advised that they are ultimately responsible for their own security and safety. Each year the university publishes this annual report concerning campus security and crime statistics. This brochure also provides information for reporting crimes, important university policies and procedures, law enforcement authority on campus, and support services for victims of crimes.

It is the policy of UNT to provide an environment conducive to an educational mission; thus any conduct that is prohibited by state, federal, or local law is subject to discipline under the provisions of policies stated in the University of North Texas Policy Manual and Student Handbook, as appropriate. The university monitors and reports to area law enforcement agencies any illegal conduct of students, faculty, or staff on university premises or off-campus locations. In addition, university officials may refer any evidence of illegal activities to the proper local, state, or federal authorities for review and potential prosecution.

Policy for Preparing the Annual Disclosure of Crime Statistics

The university coordinates the collection and reporting of crime statistics as specified in the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act (Clery Act). Each year, the university notifies all enrolled students and employees, via email or campus mail, that they can view the report at: <http://conduct.unt.edu>. Copies of this report also may be obtained from the UNT Police Department (UNTPD) or the Office of the Vice President for Student Affairs. Prospective employees may obtain a copy of this report from Human Resources. Prospective students may obtain a copy of this report from the Office of Admissions.

The report is prepared in cooperation with the UNTPD, local law enforcement agencies and the Division of Student Affairs. Each entity provides current information about its safety and security educational efforts and programs. The university provides annual guidance to employees on campus who are likely to receive reports of criminal activities, including but not limited to directors, deans, department chairs, and department heads. These “designated campus officials” are asked to immediately inform the UNTPD of

reports of certain crimes made to them that might have occurred on university property or on property contiguous to campus. Additionally, a letter is sent annually to designated campus officials requesting information about all reports of certain crimes that have been made to them during the year. The UNTPD follows up on all reports of criminal activity in areas under its jurisdiction. Counseling and Testing Center and Student Health and Wellness Center representatives inform their clients of the procedures to report crime to the UNTPD on a voluntary or confidential basis, should they feel it is in the best interest of the client. A procedure is in place to anonymously capture crime statistics disclosed confidentially during a session with a mental health or medical provider. Reports of criminal activity given to designated campus officials, anonymous reports, and reports of crimes made to local law enforcement agencies are collected and included in the crime report as required by the Clery Act.

Missing Persons Policies

Time is of the essence when a person is missing. The National Child Search Assistance Act now allows police to report missing persons under 21 years of age to the National Crime Information Center and begin an investigation as soon as a missing person report is received. If you receive reliable information that a student cannot be located, please call the UNTPD immediately at (940) 565-3000. Any individual who believes a student living in university or Greek housing may be missing should contact the a hall director, assistant or associate director of housing, director of housing, Greek life coordinator, director of Greek life, conduct officer in the Center for Student Rights and Responsibilities, assistant vice president for student affairs, dean of students, vice president for student affairs or the UNTPD.

A student is determined to be missing when his or her whereabouts is unknown and unexplainable for a period of time that is regarded by knowledgeable parties as highly unusual or suspicious in consideration of the student's behavior patterns, plans or routines. UNT files a report with the UNTPD in all cases where a student is determined to be missing for more than 24 hours. UNT provides each student living on campus the opportunity to confidentially identify an individual they wish UNT to contact no later than 24 hours after the student is determined to be missing. This confidential information will only be disclosed to university officials and law enforcement agencies that are authorized to use the contact information during a missing student investigation. UNT will contact the individual identified by the student, and/ or the custodial parent or guardian of any unemancipated student under the age of 18 years old.

Procedures: All concerns regarding a resident student's unexplained absence or lack of contact that is contrary to the student's normal behavior and/or is unusual based on existing circumstances will be immediately investigated in an effort to locate the student and confirm their safety.

- An official Missing Person Report will be prepared and immediately delivered to campus police any time a resident student is determined to have been missing for more than 24 hours. Housing staff and Greek life staff will also notify the vice president for student affairs and/or the dean of students.

- If campus police determine that a resident student who is the subject of a Missing Student Report has been missing for more than 24 hours and has not returned to campus, campus police will contact:
 1. The person identified in confidence by the resident student as the person to be contacted in the event that the student is the subject of a Missing Persons Report.
 2. The custodial parent or guardian of any unemancipated student under 18 years of age.
 3. Additional law enforcement agency(ies), if necessary.

Access and Security of Campus Facilities

UNT is an open campus and public streets run through the area, but access to the campus and university facilities is controlled by written policy and state law. Only authorized students, faculty, staff, and visitors may enter upon or use university facilities. Unauthorized persons, once identified, are asked to leave the campus. Those persons failing to comply with policy, directives, or state law can be prosecuted for trespassing.

Security of Campus Facilities

UNTPD and/or security officers regularly patrol the grounds and buildings on the UNT campus. Facilities personnel maintain university facilities with a concern for safety and security. Lighting surveys are conducted on a regular basis to spot any lighting concerns or areas in need of repair. In addition, defective lighting conditions are reported as detected by building service personnel, police, and security officers. The university maintains a Safety Committee that addresses concerns including lighting, risk assessment, etc.

The UNTPD conducts security surveys as needed to continually assess facility security needs. Key control is established by university policy and access to building master keys is restricted. Security alarm systems are managed under the control of the UNTPD.

A building representative program identifies a person in charge of every university facility. The building representative works in partnership with police, maintenance, risk management, and safety personnel to identify and resolve security and safety issues.

Campus housing provides a range of services and security procedures designed to ensure the reasonable safety and comfort of residents and invited guests. Campus residence halls are supervised by trained staff members who are assisted in their efforts to maintain security by uniformed officers from UNTPD. Services include attention to lighting (including emergency lighting during power failures), locking of all entrances on a regular schedule, security programming (including fire safety drills, tornado drills, and rape awareness programs), installation of viewers in all individual student room doors, UNTPD patrol 24 hours per day and enforcement of the guest escort policy. Entrances to residence halls after hours are accessible only with a student room key.

Campus Law Enforcement

UNTPD commissioned police officers are empowered by the state and have authority to stop vehicles, make arrests, and enforce all laws throughout Denton, Tarrant and Dallas counties. UNTPD has a mutual aid agreement with local law enforcement for the investigation of alleged criminal offenses and maintains liaison with state and federal law enforcement agencies in support of campus security and safety efforts.

Safety and Security Programs

Security Escort Services: The UNTPD provides a security escort service for the UNT community. The service is available during the evening/night hours (after dark), but is limited to on-campus locations. Call (940) 565-3000 or use an emergency phone to request an escort.

Emergency Phones: Emergency phones have been placed at strategic locations on campus. When the emergency button is pushed, the location of the call is automatically identified and the caller is connected to the UNTPD. Locations of the telephones are marked on all parking maps.

Motorist Assistance: The UNTPD assists the university community when individuals are unable to start their vehicles, retrieve locked keys, etc. Some services are not available at all times, but the UNTPD will assist people to obtain services from another source.

Crime Prevention Programs

Programs designed to make community members aware of campus police and security procedures and crime prevention efforts, and to encourage individual involvement in personal safety are regularly conducted on the UNT campus. Programs are provided each semester and are available through the UNTPD, Dean of Students Office, Center for Student Rights and Responsibilities, Human Resources Department, UNT Housing, Student Health and Wellness Center, Counseling and Testing Center, and other departments that coordinate activities on campus. Crime awareness programs are also part of freshman and new employee orientations. Prevention programs include:

- Personal Safety/Self Defense
- Theft Prevention
- Safety and Security in the Workplace
- Alcohol Abuse and Binge Drinking
- Hazing Education

Policies and Crime Reporting Procedures

Individuals should immediately report alleged criminal actions (including sex offenses) or emergencies that occur on or off campus of the university through any of the following means:

For Emergencies:

Dial 911 on campus, or any emergency telephone located throughout the campus. Emergencies include any crime in progress, medical emergencies, a person being forced into a vehicle, a strange car repeatedly driving in the same area of campus, any intoxicated person, a safety hazard, or any situation that you believe is suspicious or dangerous.

For Non-Emergencies:

- call the UNTPD at (940) 565-3000 or personally visit the UNT police station at the Sullivant Public Safety Center;
- use a marked emergency telephone at locations throughout the campus (the phones are distinguished by a blue light on a green pole marked “Emergency”);
- contact an officer in uniform on patrol or at the information booth (located at the intersection of Ave. C and Chestnut);
- request that any campus official assist with reporting the alleged crime.
- TTY callers: (800) RELAY TX

Crime Stoppers:

Anyone with information on criminal activity can call (940) 369-TIPS (8477) and will receive a cash award if the tip leads to the arrest and indictment of the criminal offender. The cash award comes from the Denton County Crime Stoppers, a non-profit organization. You may remain anonymous when you report your crime tip. **Students and employees are urged to use this reporting option when anonymity is a primary concern, e.g. drug usage of acquaintances.**

Campus Crime Authority

You are encouraged to report alleged crimes by using the aforementioned means; however, there are campus officials to whom you may also report a crime who have significant responsibility for student and campus activities, but do not have significant counseling responsibilities. These officials include all deans, directors, department chairs, and administrators at the vice presidential level or higher. For names and numbers of such officials, please use the University Directory or call the university operator at (940) 565-2000.

The UNTPD will review reports of alleged criminal activity and either send an officer immediately or refer the report for subsequent investigation, depending upon the nature and seriousness of the offense involved. Individuals reporting an alleged crime should attempt to preserve evidence that might prove the crime was committed. All criminal incidents are investigated by UNTPD. UNTPD response(s) include, but are not limited to:

- immediate response to emergencies through dispatch of one or more officers;
- investigation of reports in accordance with UNTPD procedures;
- arrest and filing of charges, depending upon the circumstances of the incident;

- referring alleged offenders to appropriate campus agencies, such as the dean of students and the Center for Student Rights and Responsibilities; and
- making timely warning and reports of crimes that represent an immediate or continuing threat to students and employees.

Emergency Response and Evacuation Procedures Statement

Emergency Preparedness and Response

UNT regularly develops and annually updates plans and procedures for emergency response and evacuation for the campus community. Emergency plans and procedures as well as a variety of additional resources are available for viewing at <http://emergency.unt.edu>. Possible emergencies that may occur include, but are not limited to, the following:

- Bomb threat
- Campus violence
- Civil unrest
- Explosion
- Fire (localized building fire or wildfire)
- Gas leak
- Hazardous material spill
- Public health crisis
- Severe weather
- Terrorist incident

Risk Management Services (RMS) is responsible for conducting tests of emergency response and evacuation procedures on at least an annual basis through a variety of drills and exercises designed to assess and evaluate emergency plans and capabilities. Evacuation drills are conducted throughout the year in residence halls, Greek housing, and non-housing campus facilities. Emergency notification systems are tested at least once annually. Exercises may include tabletop, functional, full-scale, or any combination thereof. Tests may be announced or unannounced in advance to the campus community. Each test is documented, including at a minimum a description of the test, the date and time, and whether it was announced or unannounced.

Various campus units, including RMS and UNTPD, utilize outreach programs to train and educate the campus community, providing the knowledge needed to respond appropriately to various types of hazards. Additionally, RMS is responsible for annually publicizing emergency response and evacuation procedures to the campus community. This publicity occurs primarily through multiple “blast” emails sent to employees and students throughout the year.

The primary law enforcement response to emergencies occurring on UNT property is UNTPD. Emergencies requiring a Fire Department/EMS (Emergency Medical Services) response are provided by the City of Denton. UNTPD is usually first to respond to

emergencies occurring on the UNT campus and works with City of Denton responders when necessary to resolve the situation.

Students and employees are required to notify UNTPD of any situation or incident occurring on campus that may constitute an immediate threat to the health and/or safety of students and/or employees. Emergencies may be reported by dialing 911 from any cell phone or campus landline. 911 calls are received by the City of Denton Police Department and transferred to UNTPD Dispatch.

Emergency Notification

Upon confirmation of a significant emergency or dangerous situation involving an immediate threat to the life, safety, or security of the campus community occurring on campus, UNT will, without delay, and taking into account the safety of the community, determine the content of emergency notification messages and initiate the notification system, unless issuing a notification will, in the professional judgment of the responsible authorities, compromise efforts to assist a victim or contain, respond to, or otherwise mitigate the emergency.

The following campus officials have been designated to serve as authorized officials who are empowered to approve the content and issuance of emergency notifications:

- President or designee
- Provost
- Vice President for Finance and Administration
- Chief of Police or designee
- Senior Police Supervisor on duty
- Emergency Management staff*

*Emergency Management staff are empowered to approve and issue emergency notifications pertaining to severe weather situations only.

When an authorized official receives a report of an imminent or already occurring situation that poses an immediate threat to life, safety, or security on campus, s/he will confirm the report. Depending on the situation, confirmation may be achieved through one or more of the following sources:

- Investigation by UNT Police Department (UNTPD)
- Investigation by other UNT campus unit, including but not limited to, RMS, Facilities, and/or the Student Health and Wellness Center(SHWC)
- Investigation by City of Denton Fire Department and/or Police Department
- Denton County Emergency Services and/or Health Department
- Texas Department of State Health Services
- Media reports originating from the incident scene

The authorized official will determine, consulting with other campus officials as appropriate, how much information is appropriate to disseminate at different points in time. This determination will be based on the following:

- Nature of incident or threat
- Location of the incident or threat
- Segment to be notified

Depending on the circumstances, UNT may send emergency notification messages to the entire campus community or only a segment of the population. If a confirmed emergency situation appears likely to affect a limited segment of the campus community, emergency notification messages may be limited to that group. If the potential exists for a very large segment of the campus community to be affected by a situation or when a situation threatens the operation of the campus as a whole, then the entire campus will be notified. In any case, there will be a continuing assessment of the situation and additional segments of the campus community may be notified if the situation warrants such action.

The authorized official will, considering the nature of the threat and the population to be notified, choose the appropriate communication tool(s) to utilize. UNT has at its disposal a number of tools that may be used to disseminate emergency notifications to the campus community. Emergency notification will typically be sent through Eagle Alert, email, UNT's website, and/or social media.

The authorized official will approve the issuance of notification and either issue the notification message or contact a trained user of the notification system to issue the message. As soon as s/he is reasonably able to do so, the authorized official will notify administration officials.

Information regarding the status of emergency situations will be developed and disseminated to the larger community as soon as possible by University Relations, Communications and Marketing (URCM) in collaboration with UNTPD and/or other campus units. This information may come in the form of updates to UNT's website and/or communications directly with the media, if necessary.

All students and employees are automatically enrolled in Eagle Alert using the telephone numbers that were provided during the registration or hiring process. Students and employees are encouraged to check their contact information for accuracy and update it as soon as it changes. This can be done by logging in at my.unt.edu, clicking on the *Update Eagle Alert* link, and updating three telephone numbers: cell, home, and office. In case of an emergency, a message will be sent to each of these numbers. A student or employee may elect not to receive notifications from the university. This preference must be submitted electronically or in writing and must be renewed at the start of each academic year.

Eagle Alert will not be used in to notify the campus community of severe weather, such as tornado warnings. However, the City of Denton owns and operates 16 outdoor warning sirens, including three on the UNT campus, which notify residents of the presence of severe weather and other hazardous conditions, such as a hazardous chemical spill. Additional information regarding the outdoor warning sirens can be found at the City of Denton emergency management webpage.

The City of Denton utilizes a mass notification system called CodeRED to notify residents of emergency conditions. This service is provided free of charge to all residents living with

the City of Denton. However, unlike Eagle Alert, residents must sign up for the service. Interested persons should visit the City of Denton emergency management webpage to learn more and/or to sign up.

Monitoring Off-Campus Criminal Activity

Monitoring and recording, through local police agencies, of criminal activity at off-campus locations of student organizations officially recognized by the university, including student organizations with off-campus housing facilities.

Primary UNTPD jurisdiction does not include off-campus properties owned or controlled by registered student organizations. Regular contact between UNTPD and local law enforcement agencies is maintained to aid in the tracking of criminal activities. UNTPD obtains information from the agencies about criminal activity at properties owned or controlled by registered student organizations. For purposes of reporting the data, the term “non-campus buildings” includes areas off campus owned or controlled by registered student organizations. However, the UNTPD has no responsibility for security policies, procedures, or safety at these locations.

Timely Warnings

UNT provides timely warning to the campus community by posting crime awareness alerts when a crime is considered to represent a continuing threat to students or employees. Based on the circumstances of the crime alert, bulletins are sent to campus and local newspapers, posted on campus bulletin boards or other appropriate locations, sent out on campus e-mail, and distributed in residence halls.

Sexual Assault, Sexual Harassment, Sexual Violence, and Coercion

If any member of the UNT community is a victim of a sexual assault, including rape, acquaintance rape, forcible and nonforcible sex offenses, sexual harassment, sexual violence or sexual coercion, there are many services available to assist, but first, the individual’s safety is of the utmost importance.

If you or a member of the community is a victim of sexual assault, please contact any of the following offices:

UNT Police: (940) 565-3000

Dean of Students: (940) 565-2648

Center for Student Rights and Responsibilities: (940) 565-2039

Equity and Diversity (Title IX coordinator): (940) 565-2711

Victims of sexual assault that has occurred on campus should notify the UNTPD immediately. Victims may seek assistance of other campus personnel such as residence hall personnel or counselors, or staff from the Dean of Students Office or the Center for Student Rights and Responsibilities to assist in reporting sexual assault to the police department. If

assault occurred outside of the UNT campus, call the local police department where the assault occurred, but also connect with one of the above departments so we can assist you with any campus issues you may have.

Following the assault, in order to preserve evidence necessary for the proof of criminal sexual assault, victims should not bathe or change clothes. Also, women should not douche. After reporting the assault to police, victims should go to a hospital emergency room for a sexual assault examination. Victims may choose to have someone take them to the hospital or a police officer can meet them at their location to provide transportation. The police officer will need to obtain a statement describing the details of the assault.

A counselor from the Denton County Rape Crisis Center will be contacted to meet with victims at the hospital. The counselor will talk with victims and inform them of their options involving counseling. UNT's Counseling and Testing Center offers professional counseling to sexual assault victims. Off-campus counseling options include:

Denton County MHMR Crisis Hotline (800) 762-0157
TTY: (800) 269-6233

Family Violence Shelter
(Denton County Friends of the Family) (940) 382-7273

Family Violence (Genesis Women's Center) (214) 942-2998
or (800) 572-4031

Rape Crisis
Dallas (214) 590-0430
Denton (940) 382-7273
Ft. Worth (817) 927-2737

The sexual assault victim may choose a pseudonym (fictitious name) and address to maintain confidentiality or a pseudonym will be assigned by the UNTPD at the request of the victim. If the victim pursues criminal charges, the UNTPD or local law enforcement will conduct a thorough investigation. There is a possibility that courtroom testimony may be required if the case goes to trial.

The university provides assistance in changing academic schedules and on-campus living situations after an alleged sexual offense if requested by the victim and if accommodations are reasonably available. Arrangements for changes in academic schedules can be made by contacting the Center for Student Rights and Responsibilities. Arrangements for changes in (or moving to) on-campus living accommodations should be made through UNT's Department of Housing. Other assistance is available from these departments:

Counseling and Testing Center: confidential counseling or individual and group therapy (940) 565-2741

Student Health and Wellness Center: medical services related to injuries, post-sexual assault, sexually transmitted diseases and pregnancy testing, and referrals to appropriate community services (940) 565-2333

Policies and procedures regarding campus disciplinary proceedings are described in *UNT Undergraduate* and *Graduate Catalogs* (<http://catalog.unt.edu/>) the *UNT Student Handbook*

and on UNT's website at <http://conduct.unt.edu>. The accused and the accuser are entitled to the same opportunities to have others present during a campus disciplinary proceeding and both will be informed of the outcome of such proceedings. Sanctions for violations of the Code of Conduct range from probation to permanent expulsion.

Information regarding registered sex offenders can be found at the Texas Department of Public Safety or go to <http://records.txdps.state.tx.us/>.

Alcohol and Drug Policies and Penalties

The abuse of alcohol and other drugs by members of the university community is incompatible with the goals of our academic institution. Substance abuse programs have been developed at UNT in order to ensure alcohol and other drugs do not interfere with the goals of the student or staff member. These programs offered at UNT are designed to:

- Publish and enforce policies for employees and students that promote an educational environment free from the abuse of alcohol, illicit or other drugs;
- Educate the campus community about the health risks associated with the abuse of alcohol and other drugs;
- Provide confidential, effective assistance to students and employees who seek help for substance abuse problems; and
- Create a campus environment that promotes and reinforces healthy lifestyles and responsible decision making.

Alcohol Policies

The legal drinking age in Texas is 21. Because a large percentage of UNT students are not of legal drinking age, the university has established specific policies for drinking on campus:

- Individuals under the age of 21 may not use or possess alcoholic beverages in or on any property under the control or jurisdiction of the university.
- Alcoholic beverages may not be served, consumed, or possessed by persons of legal drinking age in or on any property under the control or jurisdiction of the university except at specific locations, time, and under conditions designated by the university.
- Employees may not use or possess alcoholic beverages while on active duty and are prohibited from working while intoxicated.

In regard to alcohol, Section F under categories of misconduct in the Code of Student Conduct states that a violation of the alcohol policy or laws can be grounds for disciplinary action.

Drugs and Inhalants

- Students and employees may not use, possess, sell, manufacture, or distribute illegal drugs, inhalants, or controlled substances (narcotics or dangerous drugs), be in possession of drug paraphernalia, or misuse any legal drug or other substance

in or on university owned or controlled property or as a part of any university sponsored activity.

- Employees may not work under the influence of illicit drugs and may not abuse legal drugs or inhalants. The University of North Texas has a policy prohibiting drugs and the illegal use of alcohol. Section F under categories of misconduct in the *Code of Student Conduct* states that a violation of alcohol policy or laws can be grounds for disciplinary action.

Penalties

Students. Penalties that may be imposed for conduct related to the unlawful use, possession, or distribution of drugs or alcohol are: probation, payment for damage to or misappropriation of property, loss of rights and privileges, suspension for a specified period of time, expulsion, or such other penalty as may be deemed appropriate under the circumstances.

Employees. The unlawful use, possession, or distribution of drugs or alcohol, or engaging in conduct prohibited by university policy regarding the manufacture, sale, possession, distribution or use of alcohol or illegal drugs will result in penalties that range from mandatory counseling to dismissal. Continued employment/re-employment may also be contingent upon participation in or successful completion of university approved drug/alcohol counseling and rehabilitation programs. Information regarding alcohol and drug violations can be found in the University of North Texas Policy Manual, Volume 1.2.12. The “UNT Policy on the Use of Alcoholic Beverages” can be found in the *University of North Texas Policy Manual*, Volume II, Section 10.14 at <http://policy.unt.edu/policy-by-number/1>.

The use or possession of alcohol or drugs by an employee on university premises (except as authorized by the university) is defined as misconduct by the University of North Texas “Policies and Procedures for Discipline and Dismissal of Employees.” The unlawful use, possession, or distribution of illicit drugs or alcohol by an employee is prohibited by the University of North Texas “Policy on Drugs and Alcohol.”

Individual students, employees and organizations violating university policies or engaging in conduct that is prohibited by state, federal, or local law are subject to discipline under the provisions of policies stated in the *Code of Student Conduct* and the *University of North Texas Policy Manual*, as applicable. In addition, university officials may refer any evidence of illegal activities to the proper local, state, or federal authorities for review and potential prosecution.

Alcohol and Drug Counseling and Treatment Resources

UNT has implemented a positive program of drug education, counseling, prevention, and treatment. The Substance Abuse Resource Center (SARC), located in the Student Health and Wellness Center, is available to all students. Self referrals, supervisory and departmental referrals, and consultations are welcomed. Thorough licensed, certified alcohol, drug abuse, and general counselors, confidentiality is strictly observed. The following are components of this campus-wide approach to eliminate the abuse of alcohol and the use of illegal drugs:

- Assessment/diagnosis/follow-up services
- Referrals and resource information
- Individual therapy
- Group therapy
- Departmental consultation
- Speakers, presentations, and training
- Research, materials, pamphlets, and tapes
- Sponsorship of student groups
- Clearinghouse for alcohol and other drug information on local, state and national level

In addition to Substance Abuse Resource Center, the Employee Assistance Program (EAP) is provided through UNT Human Resources Department to assist employees and their families with personal matters by referral to agencies, facilities, or individuals that may best be able to meet their needs. To contact an EAP coordinator, call (800) 343-3822.

Every student and staff member should read and become familiar with the policies on alcohol and other drugs that are discussed in the *UNT Student Handbook* and *University of North Texas Policy Manual. Illegal Drugs and Alcohol Abuse* is available through the Human Resources Department or at <http://policy.unt.edu/policy-by-number/1>.

The *ABCs for Residence Life* (generated by the Department of Housing at <http://reslife.unt.edu/housing/abc.php>) further address policies for which students are responsible. In addition, more information is available on the health risks associated with drugs in SARC and Student Health and Wellness Center. If you have any questions concerning regulations or health risks associated with alcohol and other drugs, please contact the offices on the following page:
