

# UNT Majors Activity

Explore Your Options & Confirm Your Major Choice

It's always good to know what your options are. Take the time to read through each of these majors offered at UNT and draw a line through the majors that do not interest you. If you are not sure what a particular major is, skip it and keep it as an option. At the end, research the majors you have not crossed off.

\*Denotes teacher certification is available

<https://baas.unt.edu>

Bachelors of Applied Arts & Sciences

\*This is a highly individualized degree plan with many possible focus areas. Please see a New College advisor for more information about B.A.A.S. options

**Below, rank-order the majors you have not crossed off, and then research them further:**

1. \_\_\_\_\_ 2. \_\_\_\_\_ 3. \_\_\_\_\_ 4. \_\_\_\_\_

Resources for exploration include faculty and full time academic counselors/advisors in each college and school, as well as:

**Undergraduate Catalog** - <http://catalog.unt.edu/> lists the courses and requirements for each major. First, find the “**Course descriptions**” link located on the catalog menu and read the descriptions for each course under the majors you’ve listed above. This will give you a “big-picture” idea of what this major is about. Then, go to the “**Majors, minors, certificates**” link and find out more detailed information about specific requirements for the majors you’re researching. If you like what you read, keep it on your list; if you don’t, omit it as an option.

**Career Center** - <https://careercenter.unt.edu/students/majors> hosts “**What can I do with a Major in...**” where you may browse occupations often sought out by certain UNT majors. This information can also be obtained through ([http://online.onetcenter.org/.](http://online.onetcenter.org/))

**UNT Department Websites** – give valuable information on major(s), enrichment opportunities and career paths within the discipline.
