

## **Results from the spring 2018 SGA Safety Tour**

**March 21<sup>st</sup>, 2018**

### **Lighting Concerns**

- East parking garage light non functioning
- Outdoor lights are not all on the same timers
- Light tower behind gateway center has light out
- Light out on South side of Gateway Center (on Building)
- West entrance of Mozart light out (on Building)
- Both light towers in parking lot 27 have lights out.
- Light out on light tower in lot 25
- Lamp closest to West prairies street entrance to Santa Fe Square flickering
- Very little lighting on Chestnut and North Texas intersection.
- Very little lighting up and down North Texas Boulevard as a whole.
- Very little lighting on sidewalk by Fauts parking.
- Very little lighting up and down highland street near coliseum
- Very little lighting near the community garden and nearby buildings
- Light covered by tree foliage on the south entrance of library mall
- Lack of light on the sciences of the ESSC
- More pathway lighting required on the rock area in front of the union scrappy statue
- Replace all current lighting at Matthews Hall to LED lighting
- Three lights broken surrounding the sides of Wooten Hall
- Lighting behind BSM is too minimal
- Lighting is flickering or broken outside of the bus stop outside of Union Barnes and Noble and Starbucks
- Little to no lighting at the music Building and lighting is needed between the music annex and the music building
- Hurley building has lights covered by trees and some out
- Lighting required in the nooks of Willis where smokers hide
- No lighting on south side of RTF building
- All lights surrounding art and physics building are off
- Physics building west side and south side light sconces off or broken
- No lights for outside stairs of curry hall: Fall hazard
- All curry lights out or on different timer than others
- Only one light above bike racks on east side of language building
- Light on west side of language building out

- Two post lights on north side of auditorium building out
- North side hickory hall sconce above door out
- Wall light on west side of hickory out
- Bus stop on west side of hickory has no lights
- No lights on south and east side of science research building
- 2 wall lights on north side of Terrill hall out
- 3 wall lights out near blue safety pole on north side of chemistry building
- Distinct lack of lighting on north side of Environmental Building
- Wall flood lights in the Environmental Learning area are out.
- No lights on west side of Environmental Building facing lot 11
- Minimal lighting on south side of Environmental Building
- North and East side of McConnell hall is very under lit
- Nook on east side of Sycamore hall is not well lit
- Bruce courtyard could use a pole light to make it less creepy at night
- Lighting needed between BLB and Willis

### **Sidewalk Structure Concerns**

- Crosswalk on the north side of the BLB needs to be wider
- Kerr hall stone path gets slippery when wet
- Southeast side of Clark Hall sidewalk sinks down
- Parking meter stick on sycamore behind Pohl Rec center sticking out; could be danger
- Several large separations on sidewalk on highland by the practice room building
- Sidewalk on the back of union in front of sage, leading from Barnes and Noble to Hurley is cracked and cratered
- Need a pathway in between the back of music annex and music building
- No “yield to pedestrians” sign on both sides of crosswalk near science research building
- Hole in ground near sidewalk on east side of Chem. buildings
- There is a large chunk of sidewalk out along a line of safety bollards

### **Crosswalk Visibility Concerns**

- Repaint the crosswalk in the Ave. A & Maple
- Crosswalk behind the colosseum & gateway center needs flashing lights on pedestrian signs
- Crosswalk behind the gateway center leading to the Murchison needs flashing lights on pedestrian signs
- Add marked crosswalk on the north side of the intersection at Maple St. & Ave C
- Add crosswalk between Parking Lot 27 and Clark Park pathway to Rawlins

### **Bicycle Rack Concerns**

- Very few bicycle racks near the practice room buildings
- Almost no bike racks by Chestnut Hall
- Not many bike racks by the Phys. Ed. Building.

### **Bush and Tree Concerns**

- Trees and bushes around Wooten are way out of code and need trimming
- Trees especially between Matthews and Wooten and need to be cut as they cover lights
- Trees around Hurley are not within code either and shrubbery is high
- High shrubbery and out of code trees near music building
- Trees south side of BLB are too close to power lines
- Would like to see more trees and native flowers around campus

### **ADA Accessibility Concerns**

- Southeast side of Clark hall Sidewalk dips down
- Colosseum very hard to access with ADA concerns
- Wheelchair ramp goes directly into street off 1 foot high curb between Terrill and Chemistry buildings.

### **Additional Comments**

- Add “DO NOT ENTER” signs on W. highland Street
- No crosswalk in front of Chestnut hall; many students were crossing so there is a danger of being hit
- Back of west parking lot full of holes and cracks
- Several places where people cross the street on highland and North Texas boulevard do not have crosswalks
- Metal scrappy statue heats up like crazy in the summer; could burn the skin of unsuspecting people
- Clean library mall fountain and landscape
- Rock slope outside the music building is dangerous with the railing provided; needs barrier to avoid slipping
- When sidewalk is added between music building and music annex, it needs high pesticide, cameras, blue light button, and more lighting.
