

Transparency Resolution Fall 2017-R2

WHEREAS, Historically, the Student Government Association has inadvertently isolated itself from the student body through a lack of outreach.

WHEREAS, A high percentage of students are unaware of the resources, information, and involvement opportunities that the Student Government Association has to offer.

WHEREAS, There is concern from the student body regarding a lack of transparency within the Student Government Association.

LET IT BE RESOLVED THAT, Members of every branch of the Student Government Association increase outreach efforts by engaging with the Student Body, proactively canvassing the Student Body for any concerns they may have, and channeling these engagements and concerns into positive change through legislation, dissemination of information, or facilitation of a connection to resources.

LET IT BE FURTHER RESOLVED THAT, Senators specifically will act on our promise of transparency through actions such as tabling during office hours, promoting our office hours to constituents, sharing our contact information on social media, and drafting external legislation that will benefit the student body.
