The Move-Out Process

1. Students will sign up for move-out through their portal and with their RA
2. Students will ensure their room is clean and all of their items are moved out before their scheduled time
 - Dollies and carts are available to aid in this process
 - Students can always ask the RA ahead of time to check and ensure their room will pass inspection
3. Students will meet with their RA at their scheduled time to get their room checked and turn in keys

FAQ

- **Do students have to sign up for a time with their specific RA?**
 - No, but the RA does need to work in the same hall.
- **How will I know if my extension was approved?**
 - Your student will receive an email through their UNT account
- **Can we bring guests to help our student move out?**
 - Yes! Bring as many people as you want to make the process smoother
- **Will there be volunteers to help move-out like there was at move in?**
 - Unfortunately no, as most of these volunteers are students as well they are focusing on their own finals and move-out.
- **What else does my student need to turn in during check-out?**
 - Just their room key and mailbox key!
- **Why can't my student stay past the 14th?**
 - As summer semester starts soon, there needs to be time to clean and turnover the rooms for next students.
