Searching for and contacting an organization

Are you looking to get involved? Finding registered student organizations is simple! To search our list of currently registered organizations, click here. You can search by category (e.g., academic and professional, sport club, religious/spiritual) or name.

Note: If you are not logged in, you will not be able to leave a custom message (as seen below), but you will still be able to contact the organization by providing your name, email address, and selecting a subject.

If you want to see additional information about these orgs, click the blue “Sign In” button in the top right corner here.

Navigate to the Organizations tab in the toolbar at the top of your site when you log in. You will be shown all organizations currently registered with Student Activities. From this list, you can search for an organization by name using the search feature. If you aren’t sure of the exact organization you are looking for, you can also explore organizations by Organization Category (on the left).

Once you have found your organization of interest, click on its name to jump into the organization’s page. Then you can reach out to the org’s primary contact to get more info.

Directly underneath the organization name, you will see a button that says "Contact."
Select a Subject from the drop-down menu that most closely represents why you are contacting this organization. Enter text into the Body of the message. When you're finished crafting your message, simply click Send Message.

Need some help finding the organization or activity that’s right for you? Schedule an Involvement Advising appointment with a Campus Life Ambassador to get a tailored list of opportunities. For more info, visit www.studentactivities.unt.edu and click on “Involvement Advising.”
